LEFIS QUESTIONNAIRE FOR GRADUATES
http://www.lefis.org/phpsurveyor/index.php?sid=14

Questionnaire on generic competences/skills acquired by Graduates in the context of the activities developed in the society of the Information and Communication Technologies (ICT)

This questionnaire presents a series of questions related to the skills and competences that may be important for success in the career as expert in regulation of the ICT (LEFIS). Please answer all the questions. The answers may be very valuable in improving course planning for future students of your degree subject. Please select the best option in each case.

The first questions are related with personal information of the Graduate. The second questions are related with the importance of the skill or competence, in your opinion, for work in your profession and the level to which each skill or competence is developed by your degree programme at your university. The third questions, finally, ask to rank the most important competences according to your opinion
